

Italian design that tells your story, *every day*

Di Casa

Italian design that tells your story, *every day*

Each project speaks of authentic, timeless Italian style, of functionality and emotion. Our designs are made to reflect the personality of those who live in the home, with tailor-made

solutions that bring aesthetics and everyday life into harmony. **Because a home is more than just a space: it's where your way of living takes shape, day after day.**

The home that invites and welcomes

For over 60 years, we have been creating spaces designed to welcome. Kitchens, living rooms, master and kids' bedrooms come together in a single design narrative, crafted for those who seek a coherent, fluid and comfortable home – one where you always feel in the right place.

Family Line is our holistic vision of furnishing: a common language that flows through every domestic space, ensuring stylistic continuity, creative freedom and endless possibilities for personalisation. A consistent style, designed to accompany you each day with elegance

Family line Duplex Apartment

The Duplex Apartment

Reinvent, divide, multiply.
The home, a living world.

Modularity, coordination, beauty. Our holistic furnishing philosophy shapes a way of living in which every space is an extension of the other, with no stylistic interruptions. A perfect balance between function and poetry, technique and inspiration.

Surprising spaces

Transitional surfaces become protagonists: every wall, every corner can host both beauty and function.

Every space can surprise. Our modular systems reveal hidden potential, create new spaces, organise with intelligence and transform the ordinary into the extraordinary.

*A new way
of thinking
about space*

Nothing is left to chance,
and every detail has a
precise meaning.

Modern and classic kitchen

KITCHEN DELUXE - PRATICAL L

The vibrant heart of the home

Pratica L is the kitchen that transforms everyday gestures into experiences to be shared. A project where design, functionality and sociability flow seamlessly between

the kitchen, living and dining areas. Refined lines and playful details open the space to a contemporary way of living, designed for the whole family.

The overlap of the peninsula and snack counter with **Totem** support creates a three-dimensional effect with a strong visual impact. The Fenix Grigio Aragona surfaces on the base units, tall units and worktops define pure, essential volumes, while the Olmo Tattile laminate of the snack counter introduces a warm, authentic note. A kitchen that combines precision with matter, modernity with warmth.

The **integrated walk-in units** redefine the very idea of storage, transforming into functional, surprising micro-environments where every element is designed to meet new needs for space, freedom and style.

KITCHEN DELUXE - CORNER37

A new space for self-expression

Modern lines, fine materials and unexpected colour pairings transform the kitchen into a creative, dynamic place, tailored to everyday living. The peninsula in Emperador Brown laminate connects to the base units with full-

height doors in matt lacquered Grigio Caldo, creating a sophisticated material interplay that invites sharing. Functionality and design merge in a space that stimulates, welcomes and inspires.

The rounded corners of the top gently follow the curves of the underlying **panel**, crafted **with a 20 mm radius** on the front edges to ensure visual and tactile harmony. A fluid, consistent design, where the same curved-profile panel is also used alongside the wall units, creating a kitchen in which every line speaks of balance and beauty.

The tall unit wall in Line Bronze melamine creates a striking backdrop housing the **Espace** open tall units with swing doors. The latter serve as a connecting element between the kitchen and living area, shaping a domestic landscape rich in style and continuity.

KITCHEN DELUXE - LUNGOMARE PLUS

Everyday elegance, without compromise

Essential lines and harmonious proportions define a kitchen that speaks a contemporary language. Authentic materials and 75 cm-wide modules alternate in a steady rhythm,

creating an open, functional space, perfect for experiencing every day with natural elegance. An environment that welcomes, shares and adapts to your lifestyle.

The island becomes the operational heart of the kitchen, where beauty and practicality meet. The PET Acciaio Champagne finish of the base units interacts with the Rovere Africano of the wall units and tall units, and with the top in Optimum Pietra Grey, creating a refined balance. The 45° front cut of the worktop also extends to the side supports, ensuring visual continuity in a composition designed down to the smallest detail.

Every centimetre finds its purpose, without compromising on style. The tall units in Trasparente Fumè glass, paired with the warmth of the Rovere Africano melamine, coexist with tall units equipped with ovens and smart corner solutions. Because optimising space never means sacrificing design.

KITCHEN DELUXE - FLUTED LUNGOMARE PLUS

Textures that convey emotions

The base units with fluted doors in Noce Canaletto wood veneer interact with the surfaces in Laminam Calacatta Delicato, in a play of shades and textures that brings warmth to the space. The **Monolith block**, with high-thickness top, integrates the sink

and hob in a sculptural composition where matter and function merge with natural elegance. The end element with groove extends the kitchen's profile, creating a seamless effect around the worktop.

Behind its refined aesthetics, every detail is designed to deliver maximum functionality. The internal trays with smoked glass make the kitchen efficient and well organised – perfect for everyday living.

The tall units with full-height doors in glossy lacquered Grigio Fango house a walk-in storage unit with built-in appliances, discreetly concealing the work area while enhancing the space with balance and understated elegance.

KITCHEN DELUXE - LUXEA

Bright simplicity

Clean aesthetics and plain-coloured surfaces create a harmonious space, delicate in its neutral yet sophisticated tones. Laminam Pietra di Savoia Perla Bocciardata clads every

element with natural elegance, blending into an open, luminous environment designed for those who appreciate essential design enriched with personality.

Solid and open volumes alternate in balance, shaping a light, dynamic composition. The snack counter in Rovere Africano laminate warms the atmosphere with a textural touch, while the **Meta** shelf with integrated LED lighting highlights the details and transforms light into a furnishing element.

The **Luxea** door, with its shaped aluminium frame available in Nero or Champagne finishes, ensures a comfortable, integrated grip, combining functionality and beauty in a single gesture. The range of finishes allows for extensive customisation, with coloured glass, available in plain or fluted versions, and Laminam and Neolith ceramic surfaces, offering a kitchen that is personal, elegant and surprisingly contemporary.

KITCHEN DELUXE - FUTURA

Contrasts that captivate

A relaxed style that plays with colour contrasts, materials and retro-inspired touches. The base units with groove opening in the Nero finish meet the warmth of the frame doors in Rovere Naturale, while the tall units with smooth matt lacquered

Grigio Antracite doors add a contemporary note. The low bookshelf creates continuity between the kitchen and living area, transforming the space into a single, coherent story.

The wall units, available with wood or matt lacquered frame and **Cannettato** glass, introduce a refined play of transparency and texture. An exclusive detail that enriches the composition with discreet, tactile style.

The **Vertex** hood in Nero Opaco takes centre stage: a bold, contemporary presence that completes the kitchen with a touch of authentic, functional design.

KITCHEN - LUNGOMARE

The elegance of minimalism

The purity of design merges with the optimisation of space. Here, height is maximised, creating a sense of openness and lightness. Every detail is designed to

harmonise practicality and beauty, creating a kitchen space that not only meets users' needs, but transforms into a modern work of art inside the home.

Style and elegance: the hob and washing area are visually coordinated with the top and back in Neolith, which continues up to the **Meta** shelf with dual lighting. A succession of minimal details that give the entire room a clean, warm look.

Impeccable beauty

The **Monolith Block** with its clean lines and sophisticated look is the quintessence of the contemporary kitchen. High-thickness tops available in a range of materials, including laminate, Laminam, Neolith, Abitum

and stoneware, are made functional by additional processing designed to house hobs and sinks. The configuration and size of the underlying base units complete the customisation.

KITCHEN - SEGNO

Personality and style

Generous spaces connected with the living area and meticulous details that allow every element to be organised, combining functionality and beauty – such as the door with a top-mounted metal handle, offering a

minimalist design and ergonomic grip. The handle profile is available in four finishes, which can be matched with the groove to create harmonious, uniform compositions. In short: personality and style.

A preparation area where everything is within arm's reach thanks to the **Modular** system, perfect for organising spices, utensils and even small herbal plants. The **LED lighting** integrated into the grooves and plinths softens the entire space, adding warmth and making it more inviting.

The **walk-in units** also house the ovens, optimising the space with discretion and style. Smart solutions that define a new vision of the modern kitchen, where beauty and practicality coexist in perfect balance.

KITCHEN - LINEA

Appeal and functionality

In the dynamic context of the contemporary kitchen, attention to detail plays a key role in shaping not only the look, but also the

functionality and overall experience of this vital room in the home.

A solution for every need: the walk-in tall unit housing the wine cellars is a clever storage solution combining style and functionality. Next to it, a wall with **lit shelves** adds warmth to the room with a touch of personality, perfect for displaying your favourite objects.

Accessories make the difference

Linea handle

Linea is a kitchen with an integrated, top-mounted handle that can be adapted to any style thanks to its four finishes: Alluminio, Champagne, Bianco and Nero.

KITCHEN - PURA

Welcoming and cool

Vibrant inspirations, contemporary taste and lots of light. A welcoming, cool kitchen that never ceases to amaze.

An embracing space, enriched with textured nuances, where the elegant Laminam Pietra Piasentina Grigio Opaco top takes centre stage. An away place of calm and serenity in which to recharge and find yourself.

Door with J Pull Handle Grip

The "J" handles, shaped directly into the doors, offer a comfortable grip, creating an elegant balance between contemporary style and functionality.

KITCHEN - ISLA

Industrial style

A kitchen that allows great freedom of expression, adapting to furnish living spaces with an industrial atmosphere. Its pragmatic

soul lies in the polymeric material from which it is made – a guarantee of quality and easy maintenance.

The distinctive design of the **“diamond-cut” door** creates pleasant plays of light across the surfaces.
A version with porthole is available in solid colour finishes.

The open elements are coordinated through the Carbone finish.

KITCHEN - PENTA

Contemporary and sophisticated

Different materials and shades of grey combine with one another: Grigio Aragona, Grigio Vulcano, Grigio Daytona are the protagonists of the composition. Deep,

intense shades that give the entire space a contemporary and sophisticated feel, creating seductive contrasts and highlighting the details.

A clean yet bold style

The refined symmetry of the **frame door** panels lends the entire design a clean but bold style. The **integrated handle grip** within the frame provides an opening solution that is both comfortable and discreet.

KITCHEN - MIDA

A classic with character

With refined motifs, carefully selected accessories and details inspired by tradition, the **Mida** kitchen turns furnishing

into an immersive experience. A timeless story that celebrates the charm of the classic style, with harmony and character.

The new **hood portal** solution frames the cooking area while also providing two practical open compartments, creating a highly scenic structure.

The **Mida** tall units offer several formal solutions: the ideal composition alternates classic fronts, glass unit modules and 15-cm pull-out tall units. The latter add decorative value to the façade while making best use of the available space.

KITCHEN - SINFONIA

Between past and present

In its shabby version, **Sinfonia** combines the charm of the past with an elegant contemporary concept. The composition's wall unit system is paired with an open

shelving element and an English-style glass unit. The door and handle details are essential elements for a kitchen with a classic soul yet up to step with modern trends.

A journey into the elegance of the classic style

The key feature in this version of **Sinfonia** is the colour white, which creates a pleasant contrast with the top and back in Emperor Nut laminate.

KITCHEN - OPERA

Romantic and refined

The frame door reasserts itself as a symbol of a romantic, refined style, while at the same time interpreting an eclectic look with versatility. The frieze, with its clear classical

reference, allows the doors to be personalised with different combinations of finishes. Lastly, the handles define the kitchen's character: Provençal, country or luxury.

A kitchen must combine beauty, practicality and long-lasting quality. **Post-formed worktops** meet these needs thanks to textured finishes that are pleasing on the eye and pleasant to the touch, while ensuring resistance to wear and easy cleaning.

Resistance to wear and easy cleaning

The **corner walk-in unit** conceals a true storage space, helping to maintain order in the room that needs it most.

KITCHEN - ARMONIA

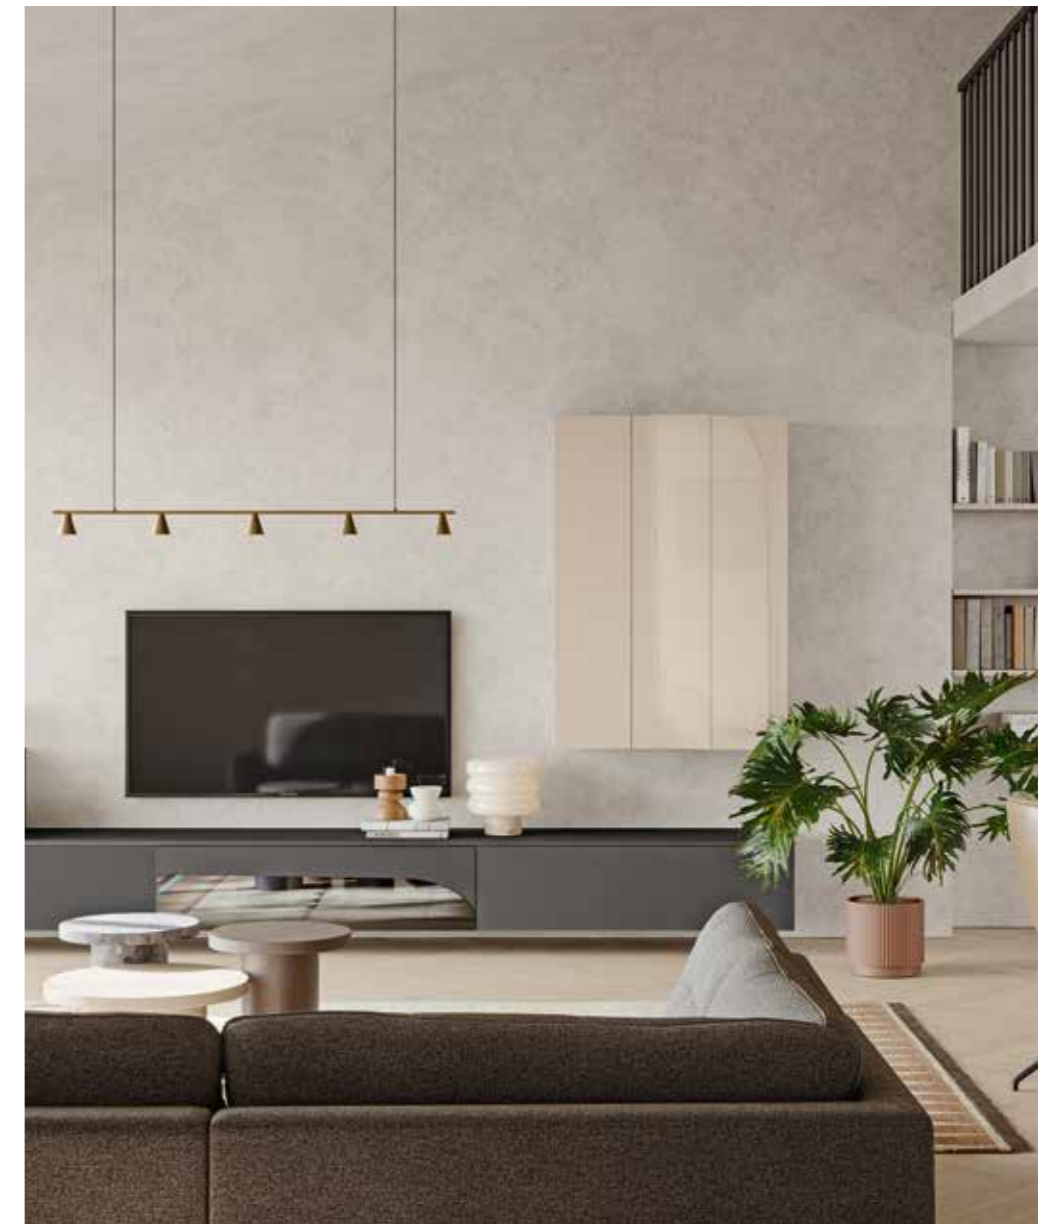

Traditional soul

The **frame door** in the Orzo Scuro finish perfectly expresses the traditional spirit of this kitchen, where the classic style opens up to new interpretations. The handles, available in a wide variety of styles and finishes, add to its visual appeal. Open elements, English-style glass units, small rails and drawers complete the space with a distinctive, romantic touch.

The practical **broom cupboard** integrated into the tall-unit wall is the ideal solution for making best use of the space while keeping everything tidy.

Modern and classic living

LIVING AREA

An oasis of contemporary calm

A living area that embraces light and amplifies the space, where every piece of furniture is designed to foster a natural sense of well-being. The tones, volumes and materials work together in harmony, shaping a relaxing and

welcoming environment, where every detail invites you to slow down and regain balance. Floor-standing base units with **One** doors and push-pull opening, high-thickness elements, **Aerea** open wall units.

Sideboard on **Delta** feet,
Marmo Botticino finish on
the doors.

LIVING AREA

Metropolitan vibrations

A youthful, essential living space, full of personality. The layout flows with rhythm and lightness, balancing functional volumes with stylish details. Clean lines, contemporary

materials and versatile solutions define a modern environment designed for those who live their home with energy and an urban spirit.

Darsena boiserie system, high-thickness elements, wall units with **One** door and **Aerea** open wall units.

Darsena boiserie system, high-thickness elements, free-standing wardrobe with **Window** and **Cutting plus** swing doors, sideboards on plinth with open housing spaces.

LIVING AREA

Everyday lightness

A living space with a youthful, spontaneous character, celebrating the natural qualities of the materials and brightness of the interiors. Essential

forms and an informal atmosphere create a dynamic, welcoming environment designed for those who love to live simply and stylishly.

Darsena boiserie system,
Podio suspended tops and
floor-standing base units with
One doors.

LIVING AREA

Atmospheres to inhabit

A living space that conveys the authentic warmth of a material and elegant home. The furnishings welcome, define and embrace the room, turning it into an experience. The

finishes evoke tactile and visual sensations, while the full-height boiserie in Eucalipto sets the tone with a scenic, sophisticated presence.

Textured
and elegant

Darsena boiserie system in Eucalipto finish, suspended base unit in Grigio Dorian and floor-standing base units with **One** doors in Basalto.

LIVING AREA

Light, airiness, style

A living space that captures the freshness of contemporary living with light, harmonious tones. The parquet flooring and light-toned walls create a relaxed, luminous atmosphere.

The equipped TV wall defines a dynamic, orderly space. The large opening onto the terrace completes the setting with a natural connection to the outdoors.

Suspended modular elements with **Volo** door and **Window** door.
Strip equipped panels, **Robin** cubes and wall units.

LIVING AREA

Urban balance

A living space with a young, contemporary character, where mineral tones and touches of forest green create a relaxed, sophisticated atmosphere. The light grey parquet interacts with the **Strip** equipped panels and Grigio

Titanio wall units, composing an airy, functional environment. The connection with the outdoors enhances the light and invites a seamless flow between inside and out.

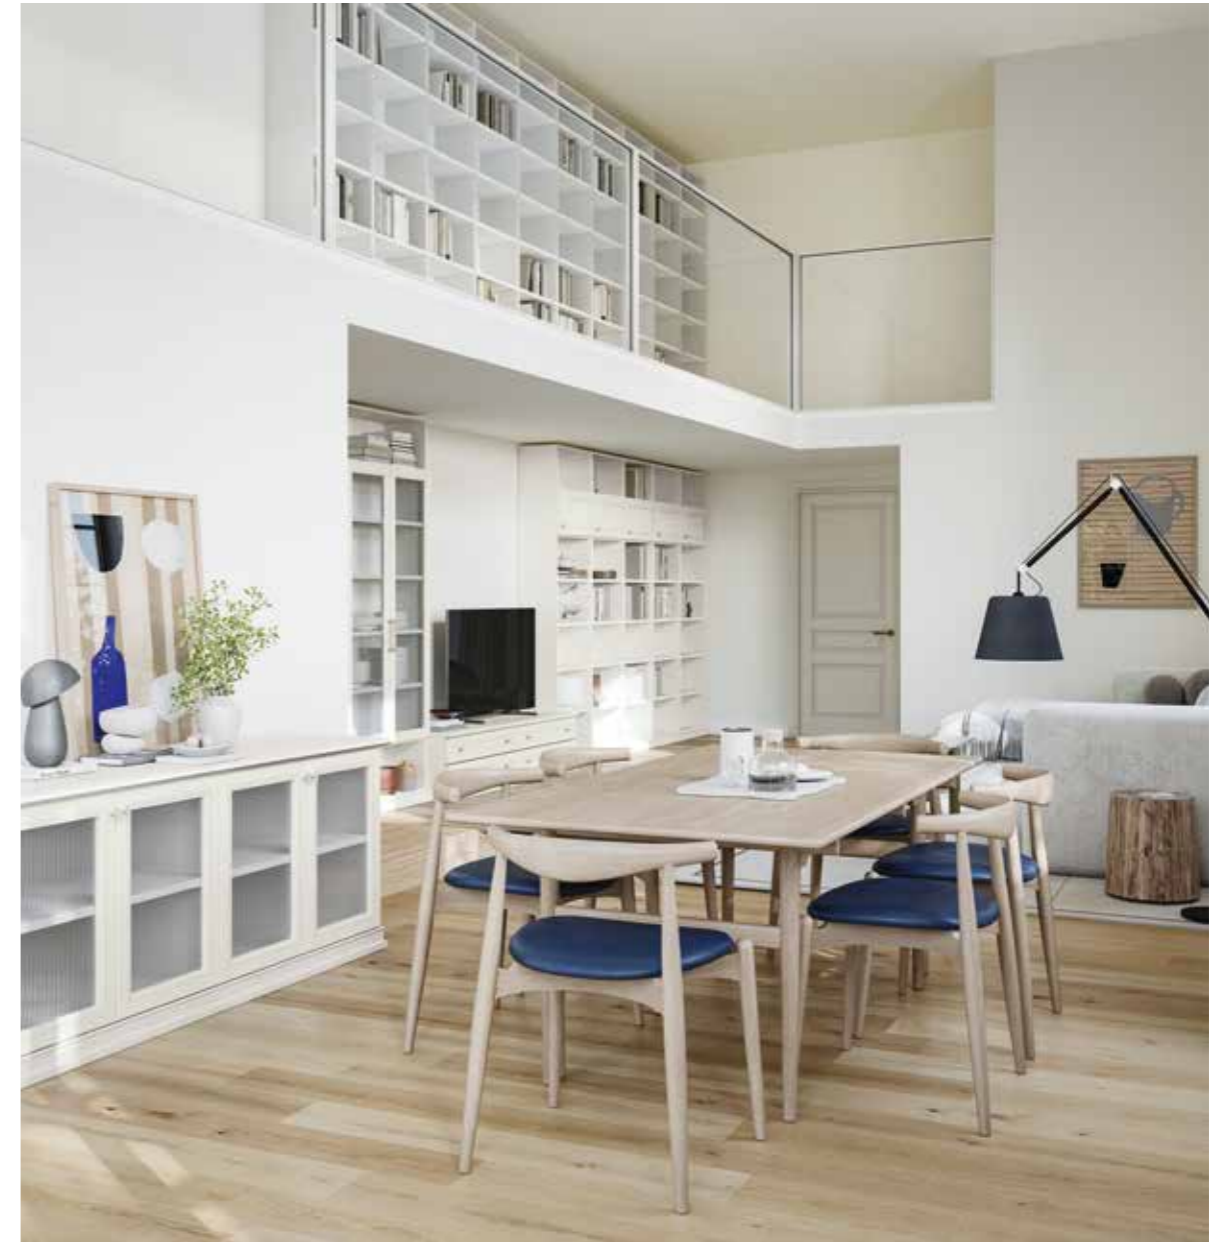

Suspended modular elements
Strip equipped panels and wall
units in Grigio Titanio

LIVING AREA

Modern and on-trend living

Style and atmosphere for the heart of the home
The modern living space interprets current trends, becoming a fluid area between the lounge and dining rooms. Elegant, functional

solutions shape a welcoming, sophisticated environment. The **fluted glass**, refined and contemporary, adds light and character, enriching the entire space with discreet elegance.

Floor-standing base units, **Antea** sideboard, floor-standing bookshelf.

LIVING AREA

Order, balance, character

In the modern living space, beauty and function come together in furnishing solutions that combine formal harmony with everyday practicality. The living area, the vibrant heart of the home, is enriched with solid and open

volumes that interact with one another: closed compartments for storage, open ones for expression. A perfect balance between containment and style.

Balance between containment and style

Floor-standing base units, floor-standing bookshelf, suspended bookshelves.

LIVING AREA

Contemporary architecture

A living area with a scenic, refined character, where design becomes a narrative of Mediterranean and decorative inspirations. The fluted back-painted glass, together with the clean lines of the shaped back-painted

glass and shaped mirror blend into a dynamic, coherent visual language. The variety of materials, forms and finishes gives life to a vibrant, distinctly Italian setting.

The top becomes a practical desk for the home office corner.

Scenic
and refined

Suspended base units, wall units, set, **Podio** top, shelves.

LIVING AREA

A home that welcomes

Shapes, transparencies and textured effects combine in balance to create a living space with distinctive character. The alternation between the contemporary language of fluted and back-painted glass and the more essential inspiration of Arborea screen-

printed glass composes a rich and refined aesthetic. Mediterranean style is interpreted with consistent design, offering endless compositional possibilities across motifs, dimensions and finishes.

Suspended base units, wall units, **Podio** top, shelf.

LIVING AREA

Mediterranean inspiration

A living space that interprets the Mediterranean with a bold, sophisticated spirit. Surfaces become an expression of beauty that weaves together classical motifs and contemporary languages: shaped back-

painted glass and shaped mirrors alternate with the natural inspiration of the **Arborea** motif on screen-printed glass. A collection that celebrates Italian identity through unexpected pairings, full of character and harmony.

Floor-standing base units, wall units, set.

Shaped back-painted glass and shaped mirror: the softness of a wave.

Shaped back-painted glass with **Arborea** motif: a natural inspiration.

LIVING AREA

A space dedicated to sociability

A living area designed to welcome, where every detail expresses balance and personality. Light tones and reflective surfaces alternate with elegance: the shaped mirror

interacts with the natural delicacy of the white **Floreale** motif on screen-printed back-painted glass. A versatile, light and coherent compositional system.

Suspended base units, wall units, shelves.

Infinity bookshelf

Infinity is the modular system that redefines space with lightness and intelligence. Books, objects and tableware find their place in tailor-made solutions: wall bookshelves,

suspended modules or self-supporting dividing structures. Infinite configurations to organise, contain and furnish with coherence and personality.

BOOKSHELF

*Opening the doors
to a world of new,
unexpected
possibilities.*

Infinity transforms the bookshelf into an architectural feature: its modules are designed to create new rooms, divide spaces, carve out dedicated corners or private islands.

Infinity floor-standing bookshelf with ceiling fixing, 33.3 cm deep with folding door, **One** swing doors and **Pin** knob.

BOOKSHELF

*Infinity
bookshelf – one
project, infinite
stories,
possibilities*

Infinity dividing
bookshelf,
45.8 cm deep.

Infinity dividing bookshelf

Infinity becomes an architectural element and transforms into a dividing bookshelf: a light, modular solution for separating spaces without closing them off. The volumes unfold fluidly, allowing the light to pass through and enhancing visual continuity. A design choice that combines storage, function and beauty in a single compositional gesture.

Modern and classic master bedroom

MASTER BEDROOM

A green retreat

The furnishings fulfil a desire for natural well-being. The bedroom breathes comfort, warmth and tranquillity.

Bold and welcoming forms

Cosy bed, Label set.

Wardrobe with Duo sliding door, Label set.

MASTER BEDROOM

Essential comfort

A master bedroom with a bold character, interpreting urban style through clean volumes and functional forms. The neutral

tones and material contrasts define a modern, dynamic space, designed for those who live the night with the same intensity as the day.

Wardrobe with **Duo** sliding door, high-thickness element, **Adagio** bed, **Hive** set.

MASTER BEDROOM

Lively and informal

Generous, open spaces, a mix of textures and finishes in soft, desaturated colours, interspersed with warm woods.

The bed takes centre stage, with the wardrobes shaping the space around it.

Wardrobe with **Concreta** swing door, console and **Pul** handle, **Alba** bed with rear headboard console table, **Laguna** set.

The **wardrobe with console** is a space-saving solution, ideal for any type of room. It can be used as a vanity area or a smart workstation.

The **Laguna** set is stackable, rear-finished and available in 20 finishes, meeting all aesthetic and functional needs.

MASTER BEDROOM

Young and dynamic

Furniture that celebrates nature and embraces light. For a fresh, energetic and spontaneous atmosphere.

Wardrobe with **Window** swing door, **Darsena** bed, **Tower** set, floor-standing base units with **One** door

The **Darsena** headboard elegantly defines the bedroom wall, creating new and fully customisable configurations. Panels, whether simple or with shelves, can be placed side by side or stacked, while soft, padded cushions complete the composition, ensuring maximum comfort.

The **Window** swing door is distinguished by a refined frame in the **Alluminio** or **Titan Grey** finish, which can be paired with different types of glass: **Stopsol**, **Trasparente**, **Trasparente Fumé** or **Mirror**, for a high-impact and versatile look.

MASTER BEDROOM

Elegance and practicality

In the bedroom, every element is designed to enhance the space with smart, custom solutions. The bookshelf with passageway redefines the room, combining beauty and

function in a single fluid, refined solution. Because true style simplifies everyday life without ever renouncing design.

Infinity floor-standing bookshelf, 33.3 cm deep with TV housing space and passageway featuring a folding door and **Club** swing door, **Flexo** walk-in, **Kiss** bed, **Brick** set.

The **Infinity** bookshelf separates the sleeping area from the walk-in wardrobe space. The passageway with folding door conceals the practical **Flexo** walk-in in the Cadaques finish.

MASTER BEDROOM

Sophisticated warmth

A space designed to offer comfort and elegance, where every material contributes to creating a sense of measured welcome. The selected fabrics bring softness and intimacy,

while the wardrobe doors, proposed in a double finish, add rhythm and personality to the composition.

Wardrobe with **Cutting** swing door, **Verso** bed, **Leader** set.

The **Leader** bedside tables in **Noce Naturale** complement the wardrobe with **Cutting** swing door, while the chest of drawers in **Grigio Titanio** introduces a refined contrast that enhances the entire setting.

MASTER BEDROOM

Tailored elegance

The Noce boiserie takes centre stage, transforming the room into an expression of structured, refined style. The wardrobe finishes play with subtle contrasts, giving the

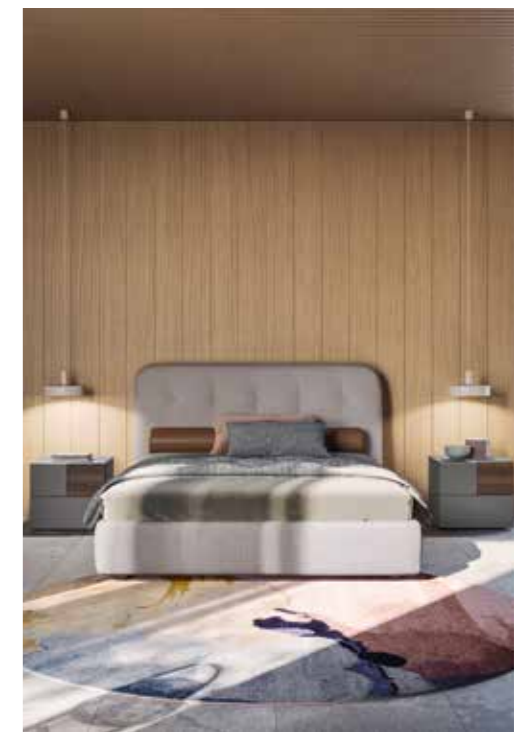

space depth and personality. A project that celebrates elegance through architectural details and sophisticated material pairings.

The focal point of the room is the wardrobe with **Cutting Plus** swing door, whose opening system runs the full height to ensure maximum ergonomics and clean lines.

Wardrobe with **Cutting plus** swing door and TV housing space, **Adagio** bed, **Leader** set, **Podio** top and suspended base units with **Club** door.

The **Leader** bedside tables in the Eucalipto and Grigio Titanio finishes are coordinated with the wardrobe and dresser area.

MASTER BEDROOM

Classic and modern in balance

A bedroom brought to life through a furnishing design that merges past and present. The niche wardrobe enhances the bedroom with understated elegance, becoming the central

element of the composition. Essential lines and delicate tones define an intimate, refined and timeless space.

Wardrobe with **Concreta** swing door, niche and Ines handle, over-door wardrobe, **Unique** bed in Jenny Smoke fabric, **Leader** set in Noce finish, **Podio** top and shelves.

A room dedicated to the wardrobe to fully optimise the space. The clean design of the **Concreta** swing door and the light Desert finish add brightness and amplify the perception of the area dedicated to storage.

Compositional freedom and limitless storage

MASTER BEDROOM

Essential, bright, tailored

A compact bedroom where every element finds its rightful place. Intelligent design transforms every centimetre into a resource, with furnishings that interact fluidly and

coherently. An essential style that does not forgo character, shaping a lived-in, personal space that is perfectly optimised.

Wardrobe with **Cutting** swing door, overhead, **Virgo** bed with **Atlante** bed frame and **Quadro** set.

The **overhead wardrobe** is an excellent space-saving solution and is available in all melamine finishes from the collection. Designed to create storage even in the smallest of spaces, it makes use of verticality to maximise capacity.

MASTER BEDROOM

Romantic and elegant

A bedroom with a clean, refined style, where every element is designed to offer comfort and functionality. The bedroom is

completed by the wardrobe space, creating a harmonious and well-organised setting, perfect for daily relaxation.

Kiss bed, **Firenze** set, open and swing door walk-in wardrobe, **Alya** handle, **Auriga** knob.

The **walk-in wardrobe** is presented here in two versions – open and with swing door. The structure can be equipped with a wide range of accessories, considering not only practicality but also visual appeal.

The wardrobe at its most functional

Internal equipment: trouser rack, basket, shoe rack, plus hanging bar, clothes riser.

MASTER BEDROOM

Timeless suggestions

A bedroom that combines the understated elegance of modern design with discreet, charming classical references. The clean lines are inspired by tradition, while the

delicate finishes evoke a romantic, relaxing atmosphere. A space designed for everyday living with style, where contemporary comfort meets timeless charm.

Adagio bed, **Country** set, wardrobes with swing door.

The upholstered headboard is ideal for those who love reading or watching TV in bed.

MASTER BEDROOM

Contemporary classic

A bedroom with a classic, warm and welcoming style, designed to stand the test of time. Fine materials, carefully crafted details

and reassuring atmospheres create a timeless space where tradition and comfort coexist in perfect balance.

Reassuring atmospheres

Kiss bed, **Woody** sets, wardrobe with sliding door.

The mirrored doors are practical and make the room appear larger.

MASTER BEDROOM

Mediterranean style

A bedroom that harmoniously blends different languages into an original, vibrant aesthetic. The refined workmanship of fluted glass meets the more classical lines of shaped glass, giving life to a scenic and personal

environment. A bedroom that interprets Mediterranean style with a maximalist spirit, offering coordinated furnishings that tell a story of elegance full of energy and identity.

Bed with continuous headboard, set, wardrobe with sliding door in Grigio Titanio with fluted back-painted Titanio glass and smoked shaped mirror.

The wardrobe: a piece to customise, setting the tone for the entire room
Base element
With **Arborea** Titanio

MASTER BEDROOM

Elegance in harmony with nature

Surrounded by the silence of the countryside, the bedroom opens onto an authentic, restorative landscape. Neutral tones and natural materials shape a welcoming space designed for rest and tranquillity. Every detail recalls the refined warmth of the villas

immersed in greenery, in constant dialogue with the outside. An intimate retreat where nature and aesthetics meet with simplicity and style.

Bed with continuous headboard, set, wardrobes with sliding door.

Wardrobe

The wardrobe's aesthetic – and with it, that of the entire space – takes shape through the chosen motif, offering varied and distinctive solutions.

Bed

Thanks to multiple personalisation options, the headboard becomes the room's focal point, defining both its style and atmosphere.

MASTER BEDROOM

Natural harmonies, blue accents

In a home surrounded by greenery, the bedroom becomes a place of calm and contemplation. Shades of blue define the atmosphere with relaxing, sophisticated

touches of colour. Natural materials and neutral tones connect with the outdoor environment, restoring both visual and sensory balance.

Relaxed and sophisticated atmosphere

Bed with continuous headboard, set, wardrobes with sliding door, suspended base units, **Podio** top.

The wardrobe area becomes a space unto itself, elegant and functional.

MASTER BEDROOM

Details that matter

Bedside tables

Functional and decorative details that complete the room. Different configurations to meet every design need.

Tallboy

A versatile piece, available in different combinations,

elegantly adapting to different styles and personalities.

Chest of drawers

The choice of front panel helps define the furnishing

style, thanks to a wide variety of aesthetic and compositional solutions.

Modern and classic kids' and teen bedroom

KIDS' BEDROOM

A light-filled nest immersed in nature

A welcoming bedroom, where every detail is designed to convey serenity and joy. The natural tones, warm materials and soft light

create a retreat surrounded by greenery, ideal for growing, dreaming and feeling safe.

Wardrobe with **Club** swing door and **Nodo** end bookshelf, **Moonie Frame** bed, **Nimbo** equipped panels, floor-standing base units with **Club** door and **Infinity** bookshelf, **Nice** chair.

KIDS' BEDROOM

A bright retreat for growing together

A bedroom full of energy, where vivid colours and natural light set the rhythm of the space. Every element is designed to stimulate creativity and imagination, with functional

solutions that adapt to everyday life. A dynamic, modern environment, perfect for sharing dreams, games and discoveries.

Functional and creative solutions

Wardrobe with **One** swing door and **Meta** handle, **Rialto** overhead wardrobe with **One** swing door, **Meta** handle and C-side support, floor-standing base unit with **One** door, **Darsena** boiserie with mirrors, **Moonie Pad** beds, **Nimbo** equipped panels, **Poldo** desk, **Luna** chair.

A room that grows with the child

Colours, niches and modular storage elements give life to a flexible space, designed to evolve over time. Where today is for playing and dreaming, tomorrow will be for studying

and growing. A compact yet well-organised bedroom, ready to accompany children through every stage of life.

Flotta System

The space that multiplies the space.

Wardrobe with **Club** swing door, **Infinity** suspended bookshelf, **Flotta** system storage bed, **Flotta** system containers, **Podio** desk and **Nice** chair.

KIDS' BEDROOM

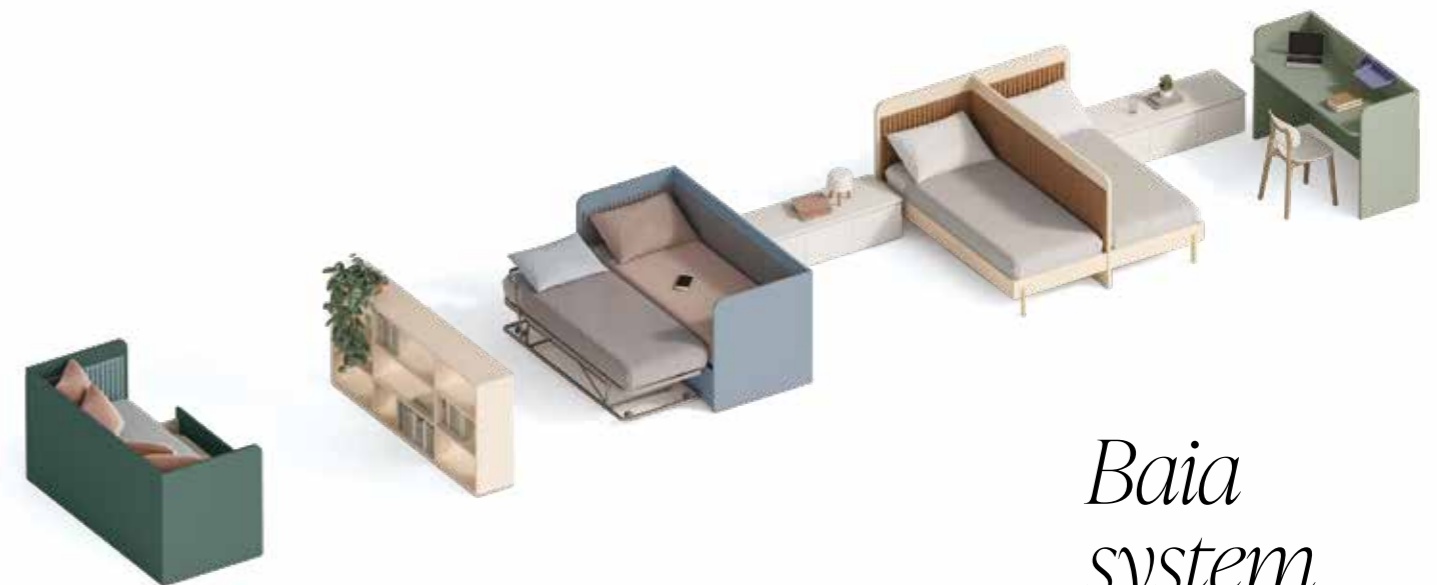

Creativity in constant evolution

In the kids' bedroom, every day begins with a new adventure. Compact spaces transform into worlds to explore thanks to modular, creative and colourful solutions. Every element can be combined and recombined,

following the child's imagination and adapting to their growth. Because a room well designed today knows how to reinvent itself with style tomorrow.

Wardrobe with **Club** swing door, **Infinity** suspended bookshelves, **Baia** system beds, floor-standing modular elements, **Podio** desks, **Nice** chair.

*Baia
system*

Rethinking the space
of dreams.

TEEN BEDROOM

In the right place, just how they like it

A teenager's room is a reflection of their passions that grow, change and multiply. With the systemic collection, every space is used intelligently: floor-standing base units,

suspended modules, spacious containers that organise and safeguard what truly matters. Because every object has its story, and every story deserves its place.

Rialto overhead wardrobe

Optimise with style.

Wardrobe with **One** swing door, **Bis** handle and **Rialto** overhead, **Smart** support bookshelf, **Sector** bed with **Marte** bed frame, modular bedside table with wheels and **Bis** handle, **Podio** shelves, shaped desk with metal support and **Breda** chair.

TEEN BEDROOM

Expression and functionality

In a teenager's room, every element tells a story, becoming the protagonist of a space that serves not just as storage but as an expression of identity. Colours, graphics,

niches and bookshelves come together in a flexible, personal project, able to accompany the teenager in their daily choices and in shaping their own style.

Storage bed

Perfect for a teenager's room, the storage bed offers extra space to keep everything close at hand – from the bed linen to hobby essentials. A smart solution that combines order and practicality, without ever losing sight of style.

Wardrobe with **One** swing door, external corner, over-door wardrobe, niche and **P11** knob, floor-standing modular elements with **P11** knob, **Twin** bed with lifting bed base, **Podio** desk and **Darsena** boiserie system with panel shelves.

TEEN BEDROOM

A creative balance of order and personality

In a teenager's room, everything coexists: chaos and style, the need to hide and the desire to show. The Pepita boiserie system responds to these opposing needs with

versatile solutions, able to store and at the same time showcase. Because growing up also means finding room for your own way of being.

Wardrobe with **One** swing door and **P99** knob, **Pepita** boiserie system, **Kant** bed with **Delta** feet, floor-standing modular elements with **P99** knob, **Baia** desk with metal paper-tray and pen-holder accessories, **Nice** chair.

Pepita boiserie system

The basis for countless possibilities.

KIDS' BEDROOM

Where every dream takes shape

Delicate colours, creative details and well-organised spaces: the kids' bedroom becomes the stage for the most beautiful stories. A retreat for playing, growing and

daydreaming. Every element is designed to accompany new daily adventures, gently and harmoniously encouraging imagination and independence.

Cipria

Swing wardrobe with **Band** handle and **Pill** end element, **Pill** bed with **Lind** bed frame, **Flow** suspended desk and **Nice** chair, wall unit with **Snake** suspended module, floor-standing modular elements with **Band** handle.

A world waiting to be invented

A dynamic, functional room designed to embrace their energy and imagination. Amid games and new discoveries, the kids' bedroom transforms every day into a world

all to be explored. A made-to-measure space for growing, having fun and beginning to build independence.

Indaco

Swing wardrobe with **Tall** handle and open wall unit, **Rapsody** upholstered bed, floor-standing modular element with **Gab** handle and open wall unit, **Alpa** desk and **Noemi** chair.

KIDS' BEDROOM

Room for play, ready for fun

A cheerful, functional bedroom designed to spark imagination and embrace every moment of growing up. The overhead wardrobe optimises the space by keeping the

centre of the room free, while the Spike sliding bed with two bed bases is perfect for hosting friends and turning every night into a special occasion.

A room that multiplies

Overhead wardrobe with metal support, **Effe** walk-in and **Cloudy** handle, **Spike** sliding bed with two bed bases, deep drawers and **Cloudy** handle, **Pill** wall unit and equipped panels, **Flow** suspended desk and **Luna** chair, **Infinity** bookshelf with **Cloudy** handle.

KIDS' BEDROOM

A world to explore, every day

Colourful, compact and full of surprises: this bedroom transforms the space into a playground and a place of discovery. The Revolution bunk bed with integrated wardrobe makes best use of the room's height, leaving

the floor space free for movement. The storage ladder leads to the upper level, where rest becomes an adventure. A smart and stimulating solution, designed to accompany little ones through their days filled with imagination.

Revolution Bunk Bed

Endless colour
combinations

TEEN BEDROOM

The room of new responsibilities

When play gives way to study, the bedroom transforms into a more mature, functional and essential environment. The Banner desk, Luna chair and Strange equipped panels create an organised space where concentration and

inspiration can grow together. A place that accompanies the teenager on the journey towards adulthood, with practical solutions and a sober yet personal style.

A more mature and functional environment

Free sliding wardrobe, **Twin** upholstered bed, **Master** bedside table with **Seed** knob, **Banner** desk and **Luna** chair, **Strange** equipped panels, floor-standing modular elements with **Seed** knob, **Air** cubes.

TEEN BEDROOM

A personal retreat, between dreams and freedom

As they grow, the bedroom evolves, becoming an intimate, multifunctional space where study, relaxation and freedom find the right balance. The wardrobe with TV panel is perfect for moments of leisure, while the well-organised

study area supports new responsibilities. Every element reflects the desire for independence, turning the room into a place to truly live in – one that holds passions, thoughts and new discoveries.

Swing wardrobe with **Pul** handle, **Jolly** element and TV panel with floor-standing and suspended modular elements, **Twin** upholstered bed, **Tray** bedside table with **Pul** handle, **Banner** desk and **Runner** chair, **Strip** equipped panels, **Infinity** bookshelf.

Behind the TV panel, there is a practical storage space.

KIDS' BEDROOM

A bedroom on two levels

All the space you need, in a bedroom on two levels. The Icaro loft with bed at the top and Joves sofa bed below creates a compact, functional structure, perfect for creatively making the most of every centimetre. The wardrobe with shaped side

integrates harmoniously with the floor-standing bookshelves and practical Country desk, offering smart solutions designed to accompany every stage of growing up, between relaxation, study and play.

Smart solutions for every moment

Icaro loft, **Joves** sofa bed, wardrobe with shaped side, floor-standing bookshelves, **Country** desk, **Risiko** equipped panel, **Domino** cube, **Orione** silver knob, **Jasmine** chair.

KIDS' BEDROOM

Two beds, double the fun

A bunk bed is the perfect solution for sharing space with a brother or sister, without sacrificing comfort or freedom of movement. Every detail is designed to

combine practicality and play, stimulating the imagination. A compact yet dynamic bedroom, where sleep becomes an adventure to share.

Icaro bunk bed, **Aida** bed, wardrobe with swing door.

The tilting bed makes changing the sheets quick and easy.

TEEN BEDROOM

Everything in its place

Two overhead wardrobes define the structure of the room, bringing together style and functionality in perfect balance. Beneath the first, a comfortable three-quarter bed for rest and relaxation; beneath the second, a

well-organised study area complete with desk and storage compartments. Every element is designed to provide both order and freedom, in a space that meets new, everyday needs.

Mary bed, overhead wardrobes, wardrobes with swing door with **Small** walk-in and **Byblos** end element, **Gabry** desk, **Sirio** bronze handle, **Noemi** chair.

The walk-in wardrobe makes best use of the available space.

Romantic
style

*It's not just about
furnishing. It's
about imagining,
anticipating new
visions of living.*

With our modular systems,
every space reveals its uniqueness.
**Because living the home has
never been so extraordinary.**
